# Vision

MundusCoin is the cryptocurrency of humanity.

One token for every person on Earth.

It is created when someone is born,  
and destroyed when someone dies.

## How It Works

- Token minting at every birth
- Token burning at every death
- Fixed initial price: \$0.01
- Purchase via MetaMask
- Transparent and audited smart contract

# Tokenomics

- Initial supply: 8.23 billion
- Max supply: 11 billion
- Deflationary mechanism
- Automatic population-based control

# Token Distribution

- 65% Public Sale
- 25% Marketing & Adoption
- 10% Creator & Development

All additional tokens mined will go to the marketing pool.

# Roadmap

- Q2 2025: Launch + MetaMask Purchase
- 2026: Oracle-based real population data
- 2027+: Ecosystem expansion

# Why Invest

- Truly limited and symbolic
- Deflationary economics
- Easy entry via MetaMask
- Visionary project with global relevance
